

READ WHAT SATISFIED CUSTOMERS SAY ABOUT THE
"CUSHMAN"
Combination Thresher

Cushman Motor Works of Canada, Ltd.,
 Winnipeg, Man.

Tangleflags, Sask.,
 March 21st, 1917.

Gentlemen:—

The No. 8 Thresher we bought from you arrived here in good condition and was put up and started by your expert. It works to our perfect satisfaction and will say I never saw (in my 15 years' experience as a thresher) any of the small threshers come up to it for capacity and good work.

Yours truly,
 (Signed) GUSTAV. H. FORMO,

Cushman Motor Works,

Spring Ridge, Alta.,
 Mar. 29th, 1917.

Gentlemen:—

This is to certify that your representative has started up our No. 20 1917 outfit for me and we threshed three stacks of wheat, some of it being very tough being stacked in Fall of 1916. The outfit does good work, and I believe it is the outfit for the farmer to have to do his own threshing, and I am well satisfied with it.

Yours truly,
 (Signed) E. B. LARSON.

A. Leader,
 Calgary, Alta.

Del Bonita, Alta.,
 June 13th, 1917

Dear Sir:—

I received photos of my outfit, for which accept thanks. Received the parts which were short you sent me. The machine has run fine, and it will do all it is expected to do, and it has surprised a good many who have seen it run around here. Engine starts O.K.

I would like to have the agency for these machines, if we get a crop I could sell several I believe.

Yours truly,
 (Signed) M. J. RASMUSSEN.
